Washington, D.C. 20231

Dear Sir:

Applicant respectfully submits the following comments to the Supplemental Notice of Allowability received in connection with the above-referenced patent application.

The Supplemental Notice of Allowability indicates that the Information Disclosure Statement ("IDS") filed on April 17, 2001 has not been considered because the IDS does not comply with 37 C.F.R. 1.97(d) due to the lack of a petition requesting consideration of the IDS.

37 C.F.R. 1.97(d) states:

An information disclosure statement shall be considered by the Office if filed by the applicant after the period specified in paragraph (c) of this section, provided that the information disclosure statement is filed on or before payment of the issue fee and is accompanied by:

- (1) The statement specified in paragraph (e) of this section; and
- (2) The fee set forth in § 1.17(p).

37 C.F.R. 1.97(e) states:

A statement under this section must state either:

- (1) That each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the information disclosure statement; or
- (2) That no item of information contained in the information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application, and, to the knowledge of the person signing the certification after making reasonable inquiry, no item of information contained in the information disclosure statement was known to any individual designated in 37 C.F.R. 1.56(c) more than three months prior to the filing of the information disclosure statement.

Applicant respectfully submits that it complied with 37 C.F.R. 1.97(d) as applicant filed the IDS before payment of the issue fee and was accompanied by the statement in 1.97(e)(2) and the fee. A copy of the IDS and the Office date stamped return postcard evidencing submission of these documents, statement and fee, are enclosed for the Examiner's convenience.

Applicant respectfully requests reconsideration of the IDS and initialing of the PTO 1449 establishing that the reference cited in the IDS has been considered.

Baby Be Mine

Page 1 of 1

Baby Be Mine is the first truly interactive doll, exclusive to Early Learning Centre at £50.00, she will provide hours of nurturing play. She's got technology that allows her to know exactly who her Mum is - she might cry for a cuddle, or giggle as you wave a rattle. She responds to your actions and you've got to respond to hers. The more time you spend with Baby Be Mine, the more you'll learn about how to care for her.

- Baby Be Mine comes with seven accessories so that you can feed her and care for her. You can change her outfit too.

Roll over each accessory to hear what sound Baby Be Mins makes.

Bracelet - there's a bracelet for you and a bracelet for baby - wake her up gently by waving your bracelet over her face - she'll know it's her 'mum'. She has her own bracelet too.

Bottle - feed her and she'll suck happily on her bottle, don't forget to rub her back to wind her and hear her burp - otherwise she'll cry!

Spoon - when only a feed will do, you can listen as she enjoys her food, 'yum, yum'.

Bunny Rattle - wave her favourite toy in front of her face and she giggles with delight.

Wash Mitt - wash her face with her soft mitt to hear her chuckle at the splash of water.

Thermometer - sometimes she'll get a cold, take her temperature oops, that was a sneeze.

Baby Be Mine - FAQs

Page 1 of 3.

Baby Be Mine is the first truly interactive, baby doll. With a clever bracelet incorporating chip technology, she will know who her 'mum' is and react accordingly saying: 'mama' when she wakes up as the bracelet is waved over her face. Each of the accessories she comes with offer a different play element and incorporate the same reactive technology with sound.

How do I start playing with my Baby Be Mine?

Your Baby Be Mine contains sensitive electronic devices. She needs all the care and attention of a real baby! Before you start you should remove the clear plastic, transit lenses from the doll's eyes before inserting the batteries.

An adult must then put in a new set of 4 A4 (MN1500, LR6) alkaline batteries. Remember to check the ON/OFF switch is OFF before you open the battery compartment. This should then be placed back correctly, with the ON/OFF switch facing towards you and the double arrows should be pointing upwards.

When you turn the ON/OFF switch to ON, cuddle Baby Be Mine and she will wake up.

What do I do if Baby Be Mine doesn't work?

Baby Be Mine may suffer from minor operating faults in environments highly charged with static electricity. If this is the case, reset the doll as below:

- . Move the switch to the OFF position
- Wait for about 4 seconds
- · Move the switch to the ON position
- · Activate the doll by picking her up and giving her a cuddle

The batteries may need replacing if any of the following occur:

- Baby Be Mine does not function properly
- . She does not recognise any of her accessories
- · The sound sequences are inaudible

Baby Be Mine - FAQs

Does Saby Be Mine stay ON all the time?

Baby Be Mine automatically powers down, even with the switch in the ON position, if she is not played with for over 30 minutes.

Where can I get Baby Be Mine?

Baby Be Mine is available in all Early Learning Centre stores, through ELC Direct including the internet via her own web site.

If you experience any difficulty in purchasing your own Baby Be Mine. please contact our customer services department on 08705 352 352 to find out when she will be available.

Baby Be Mine ethnic doll will also be available from October 2000.

Box ISSUE FEE Commissioner of Patents Washington, D.C. 20231

Dear Sir:

Applicant respectfully submits the following comments to the Supplemental Notice of Allowability received in connection with the above-referenced patent application.

The Supplemental Notice of Allowability indicates that the Information Disclosure Statement ("IDS") filed on April 17, 2001 has not been considered because the IDS does not comply with 37 C.F.R. 1.97(d) due to the lack of a petition requesting consideration of the IDS.

37 C.F.R. 1.97(d) states:

An information disclosure statement shall be considered by the Office if filed by the applicant after the period specified in paragraph (c) of this section, provided that the information disclosure statement is filed on or before payment of the issue fee and is accompanied by:

- (1) The statement specified in paragraph (e) of this section; and
- (2) The fee set forth in $\S 1.17(p)$.

37 C.F.R. 1.97(e) states:

A statement under this section must state either:

(1) That each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the information disclosure statement; or

(2) That no item of information contained in the information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application, and, to the knowledge of the person signing the certification after making reasonable inquiry, no item of information contained in the information disclosure statement was known to any individual designated in 37 C.F.R. 1.56(c) more than three months prior to the filing of the information disclosure statement.

Applicant respectfully submits that it complied with 37 C.F.R. 1.97(d) as applicant filed the IDS before payment of the issue fee and was accompanied by the statement in 1.97(e)(2) and the fee. A copy of the IDS and the Office date stamped return postcard evidencing submission of these documents, statement and fee, are enclosed for the Examiner's convenience.

Applicant respectfully requests reconsideration of the IDS and initialing of the PTO 1449 establishing that the reference cited in the IDS has been considered.
